There have been no changes in the investment objectives, strategies, restrictions and limitations during the quarter period.

PROSPECT AND OUTLOOK

The Bank expects a meaningful recovery for the full year 2021 although remains cautious in view of potential economic disruptions from resurgence of the Covid-19 pandemic. Against this backdrop, the Bank will continue to manage asset quality through enhanced credit risk management across segments and geographies and remains committed to support its impacted customers.

Execution of the Forward23+ Strategic Plan initiatives continues to be a key focus including RAROC optimisation, CASA accumulation and other operating income growth, while prudently managing costs. The Bank will maintain its focus in rolling out its digital strategies particularly in the areas of operational digitalisation, payments, sales enablement and acquisition, whilst continuing to spearhead the sustainability agenda. Financing growth will likely be gradual in line with the Bank's cautious stance, while capital market activity is expected to improve in tandem with the economic recovery.
